

Associate Actuary

You've got the talent and ambition; all you need is a rock-solid foundation to build on. That's what you'll find with Prudential, one of America's most admired companies and a global leader in insurance and financial services.

Position Overview:

You will be responsible for developing, maintaining and distributing actuarial projection files and utilities to be used in actuarial projections. You will also evaluate changes in business requirements and translate those changes into model changes.

Required Skills & Experience:

- * 3+ years insurance-related experience
- * Passed one or more Actuarial Exams; Life Contingencies a plus
- *Familiar with accessing various sources of data in spreadsheet or database applications
- * Experience with maintaining, and analyzing results from, actuarial models. Experience with MG-ALFA or TAS a plus.
- * Experience in maintaining programs written in Visual Basic or any of the C languages a plus
- * Experience with Retirement products a plus

As part of our team, you'll enjoy competitive compensation, with exciting performance incentives, excellent Day One medical/dental benefits, 401(k), tuition assistance and more.

Don't miss the opportunity to join our dynamic team! Interested candidates are encouraged to apply online at jobs.prudential.com and search by Job ID 7153.

Prudential is an Equal Opportunity/Affirmative Action Employer and is committed to diversity in its workforce.
