

## **What is a Student Subsidy?**

Our Student Subsidies provide deserving students with the opportunity to experience the inspiration that comes from attending our Annual Meeting.

Student Subsidies are offered to college students on a first-come, first-served basis. The number of subsidies awarded is dependent on the number of sponsors IABA receives for student subsidies.

## **What Does the Student Subsidy Cover?**

The subsidy covers **ONLY** the registration fee for the Annual Meeting. All other expenses are the sole responsibility of the student.

## **How do I Request a Subsidy?**

Collegians requesting the Student Subsidy should register for the Annual Meeting as early as possible, and in the Registration Category/payment Amount, select "Collegians, Subsidies, Unemployed Students".

In the General Section, indicate "Yes" to the question "Request for Meeting Registration Subsidy".

Indicate payment by check, and if you are awarded a subsidy, you will be notified. If you are not awarded a subsidy, you will be notified so that you may submit payment to attend the meeting.
